

Tas top at Christmas

Hethersett and Tas Valley made the best possible start in their quest for a first indoor trophy in the U14 competition. Having won their first two fixtures they are thirteen points clear of current title holders Topcroft.

Topcroft themselves and this summer's stars Rocklands are also undefeated and although Gt.Melton have lost one of their three games, they looked extremely impressive in their last outing.

In the new U12 league, the standard of cricket has been truly outstanding. There is absolutely no favourite amongst this group of

focussed and cohesive teams. So balanced is this competition that any one could eventually lift the trophy in this inaugural season.

Teams interested in future participation should complete the register of interest form [here](#).

With compulsory retirement introduced for all but the U17 Leagues, the opportunity for most of our young cricketers to achieve their first century in this competition is no longer possible.

Here The League celebrates those twelve individuals who achieved this summit before the new retirement rules were implemented.

2017 Summer League entry closes on January 22nd

Entry for the 2017 summer leagues closes on January 22nd. Our new two group system has enabled us to reduce travelling time and also include clubs from a larger geographical area. We hope that more teams from the old BYCL will consider joining us for the coming season.

League fees for 2017 are £20 per team and all entries should be made via the [online form here](#).

The new rules introduced for the 2016 season; particularly compulsory retirement at U15 and the option for all teams to field one county (boy) player in all fixtures have been positively received and will be retained for the coming summer.
